

# Connecticut Valley School of Woodworking

## Carving for Furniture Makers with Will Neptune – Foliage & Acanthus Leaf Carving

Saturday & Sunday, October 6 & 7, 2007 9:30am - 5:00pm

### Tools:

Basic layout tools,  
Block plane  
Bench chisels  
½ round wood file (WSC# 06B23)

### Carving tools:

I suggest you purchase these in advance so that you can finish any final honing that they may need. The number to the right of each tool listed is the stock number for the “Swissmade” brand available from Woodcraft – 10% student discount applies if you purchase from the Manchester Woodcraft store

#1 skew 8 mm- double bevel	05A10
#11 veiner 10 mm	05I10
#12 V parting 6 mm	05J06
#5 20 mm	05D07
#9 3 mm	05G04
#3 5mm	05C05
#9 5 mm	05G05
#5 fishtail 8 mm	05M07

The following are optional tools: not critical but helpful if you have them-  
The school will have two sets of these tools available to share.

#1 straight chisel 20 mm- single bevel	05V02-a sharp bench chisel can be substituted
#8 10 mm	05F04
#11 spoon veiner 10 mm	05T71
#28 backbend 6 mm	05R07
